

Temple Israel  
4737 Deerfield Place, Vestal, NY 13850

**Costs:**

Payment plans can be arranged with the office to accommodate your family's financial circumstances. Payment plan or tuition should be received by the end of October 2022.

Families who are also paying for B'nei Mitzvah lessons with Temple Israel, do not have additional tuition costs for that student. Other children in the family will also still receive the 25% discount on tuition. Please let Tammy know if this is the case, so we can correctly bill you.

Shabbat programming, food during each class day, and PPE provided is included. We are asking parents to take turns donating food items to help with costs.

For TI members in good standing for the 2022-2023 year: \$650 per child. Families with 2 or more children attending will receive a 25% discount off total price.

For non-TI members: \$850 per child. Families with 2 or more children attending will receive a 25% discount off total price.

Please note, no one is denied attendance to Hebrew School based on financial ability and we will do our best to accommodate for financial needs. For more information, please contact a member of the Executive Committee.
